## Steps for a successful Annual Update/Enrollment for the 2021-22 School Year:

### STEP 1

**Log in to your parent portal TODAY!!!!** Contact your child's site if you are unable to access the parent portal. Please **DO NOT** wait until March 1st to make sure you have access.

### STEP 2

Make sure **ALL** of your current students show up in your parent portal. If not, contact your school site for assistance to make any changes or corrections to your household **PRIOR** to starting the online annual update/enrollment process. Only the legal/custodial guardian can enroll a student. **If all of your students are not showing up, please do not start the application until you have spoken with support.**

### STEP 3

Log in and complete the annual update/enrollment! It's that easy!!  
**The enrollment/update window will open on March 1st.**

**If you are adding a first time Pre-K or Kindergarten student, you will do this thru the parent portal as you are completing the annual update for your other students. Pre-K applications are time & date stamped so don't delay in getting yours completed to save your spot!**

**This year WI students will have the opportunity to participate in two field day events. We will remain in classroom cohorts and rotate through a variety of field day events (tug of war, bubbles, side walk chalk, games, etc.) on the WI playground. You will want to dress your student in weather appropriate clothing and closed toed shoes on these dates! Although, we wish that parents could join us for these events, COVID restrictions prevent doing so! We hope that next year will be different! Thanks in advance for your support!**
